PROFESSIONAL SUMMARY

Full Stack Developer with 1 year of experience building scalable web applications using React.js, Node.js, MongoDB, Express, and Next.js. Also experienced in mobile development with React Native. Currently expanding skills in DevOps (Git, Docker, CI/CD) and UI/UX to deliver smoother, user-focused solutions. Looking to join a product-based or MNC team to contribute to impactful projects and grow as a developer.

EDUCATION

B-Tech in Information Technology,
Dr. Akhilesh Das Gupta Institute of Technology and Management
GPA: 8.85

2021 – 2024

Diploma in Electronics and Communication Engineering,
Pusa Institute Of Technology
GPA: 8.85

2017 – 2020

SKILLS

Programming Languages – C++ | Java | JavaScript | Python | TypeScript

Frontend Technologies – React.js | Next.js | Tailwind CSS | Three.js | Gsap

Backend & Databases – Node.js | Express.js | REST API | MYSQL | MongoDB | Firebase

Developer Tools – Git | GitHub | Postman | Firebase | Figma | Canva | Linux | Clouding

Other Skills – WordPress | Data Structure And Algorithms

Additional Strengths – Problem-solving mindset, clean code practices, fast learner, and a collaborative approach to team development.

PROJECTS

FitMaker

- Fitmaker is an innovative web platform that promises to improve user fitness and health through personalized experiences.
- Designed with unique elements in mind, such as yoga, gym workout, and stress/pain relief zones. Included a blog feature for users to share their ideas and experiences.

- Advanced features, such as the ability to add favorite activities to a cart and personalize workout regimens based on user activity, have been proposed and prototyped. carried out user testing, received valuable feedback, and made modifications to improve the user interface.

FileFolio

Tech Stack : Node.js, Express, MongoDB, Mongoose, JWT, Cloudinary, Multer

- Designed and developed a full-stack portfolio platform for uploading and showcasing personal and freelance projects.
- Implemented secure media upload (images, videos, zip/PDFs) using Multer and Cloudinary, integrated with JWT-based authentication.
- Enabled freelancing discovery by allowing users to explore others' work and hire freelancers directly through project portfolios.
- Built scalable RESTful APIs with Node.js and Express for user auth, project management, and role-based access (admin, freelancer, viewer).
- Integrated robust file and media handling, ensuring validation, error handling, and secure uploads for a seamless UX.
- Modeled flexible data schemas using MongoDB and Mongoose to manage users, projects, and freelance collaborations.
- Focused on clean UX/UI to support easy navigation, skill display, and project-based hiring for clients and freelancers.
- Applied secure coding practices, including JWT validation, role-based middleware, and file safety checks to maintain data integrity.

PROFESSIONAL EXPERIENCE

Attitude Edutech Pvt. Ltd., Edutech

2024 – Present

- Engineered and deployed responsive web applications using React.js, Next.js, Node.js, and MongoDB, improving performance and code maintainability.
- Developed reusable, component-based UI modules that enhanced user experience and reduced frontend issues.
- Implemented backend logic and RESTful APIs using Express.js with secure JWT-based authentication and basic role-based access control.
- Built mobile-friendly interfaces and prototype modules using React Native to extend product functionality across devices.
- Supported frontend optimization through code splitting, lazy loading, and basic performance tuning.
- Contributed to basic DevOps workflows using Git and version control best practices; familiar with Docker and CI/CD fundamentals.
- Mentored students in core programming, DSA basics, and full stack concepts by guiding them through practical projects and code reviews.

ACHIEVEMENT

Finalist, K-Solves Hackathon 2024

- Built a real-time application, securing Top 30 out of 100+ teams.

Mentored peers in DSA fundamentals

- enhancing problem-solving and logic- building skills through structured sessions.

Recognized for Leadership & Problem- Solving

- Mentored junior developers and improved team efficiency.
